BRANDING

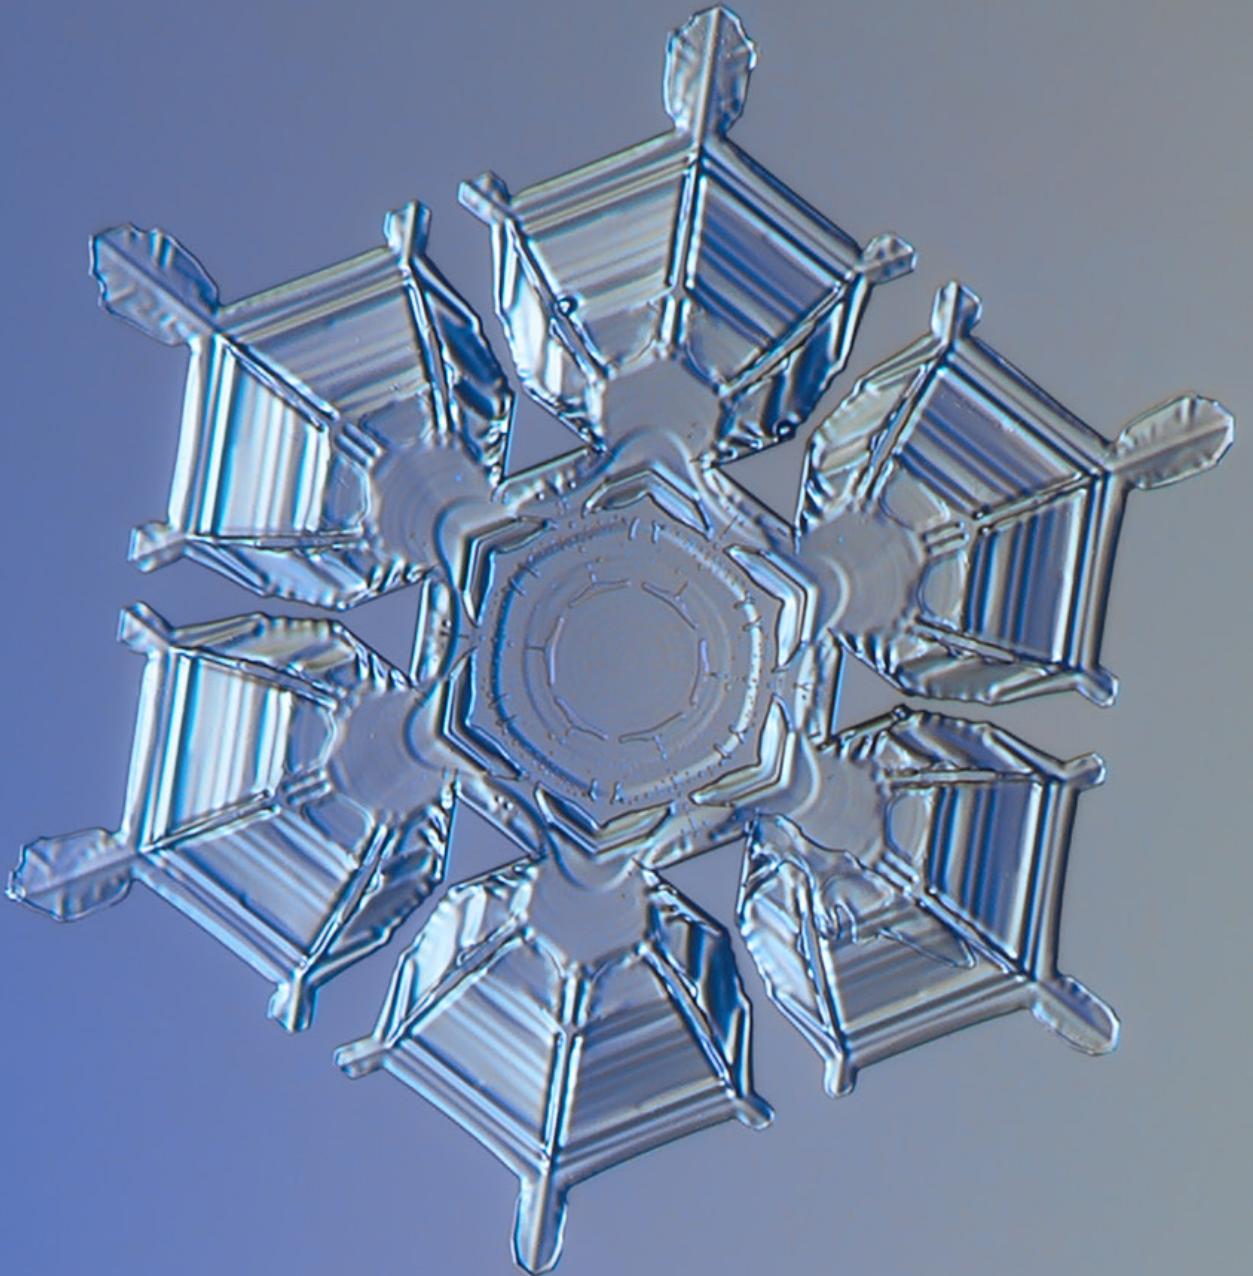

A close-up photograph of a turtle's shell, specifically focusing on the pattern of scutes. The scutes are arranged in a regular hexagonal grid. The central hexagons are large and yellowish-brown, while the surrounding ones are smaller and darker brown. The texture of the shell is visible, showing the ridges between the scutes.

HEXAGONS

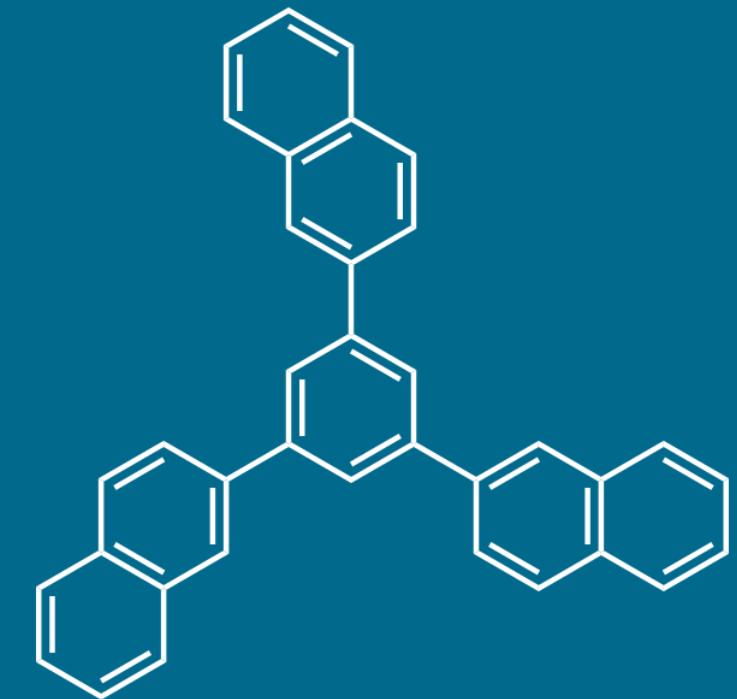

A wide-angle photograph of a rugged coastline. In the foreground, dark, hexagonal basalt rock formations, known as Giant's Causeway, are scattered along the shore. The ocean waves are white and turbulent as they break against the rocks. In the background, a massive, steep hillside covered in green vegetation rises behind the rock formations. The sky is filled with heavy, orange-tinted clouds, suggesting a sunset or sunrise. The overall scene is one of natural, powerful beauty.
